

In this Issue: Holiday Season, Invisalign

** Office will be closed December 25th- January 3rd. We will reopen on January 6th**

Greetings from Platinum Dental Inc.,

Time flew by quick didn't it? The holiday season is here. This is the time where most families get together and celebrate joyous occasions. This is also the time where we reflect on how the year went and what we could have changed. It's also time to start setting a new year's resolution.

All of us at Platinum Dental would like to wish you a happy holiday season and a Happy New Year and we hope to see you all next year and may you be prosperous in all areas of your life. :D

Invisalign - Invisible. Comfortable. Removable.

What is Invisalign and how does it work?

The Invisalign System is a series of clear orthodontic appliances, called aligners that allow you to straighten your teeth without having to wear traditional braces. Each pair of aligners in the series is worn in two-week increments (removing them only to eat, drink, brush and floss) and moves the teeth in gradual steps to the desired final position.

What are the primary benefits of using Invisalign?

- Undetectable- The clear aligners are virtually invisible to others.
- Removable- The aligners are removable for eating, brushing and flossing.
- Comfortable- The aligners are comfortable to wear, since there are no brackets, wires or permanent fixtures.

Teeth Alignment without Braces

How can I straighten my teeth without making it obvious to everyone around me? Ask us about Invisalign, an alternative to traditional braces. Invisalign uses a custom made clear fabricated mouth piece to help align your teeth to their correct positions. Most people won't even notice you are wearing them.

Invisalign Advantages

- Straight teeth in the same time or shorter time as traditional appliances (helpful with overly crowded teeth, widely spaced teeth, overbite, and underbite)
- Clear aligners that are subtle and difficult to notice
- Much more comfortable than braces
- You can take them out whenever you need to-- to eat, to drink, for a big social occasion or whenever you need a break
- Custom made just for your teeth
- A beautiful smile

Hundreds of thousands of people have already improved their smile with Invisalign. Maybe it's time you were one of them. For more information please contact our practice.

Have a great day!
