In this Issue: Happy Father's Day, Sports Guards, Patient of the Month, June Specials

Hello from Doctors and Staff

Happy Father's Day to all the fathers we have as patients. We hope your day is special surrounded by your loved ones.

Help Dad Enjoy More

What better way to bond with dad than by watching the game together over hot dogs and popcorn, rather than at home where the two of you are constantly interrupted?

Active Alternatives

If he's more of a wild-at-heart kind of guy, you can take him go-karting or challenge him to a game of paintball. For the more subdued dad, take him to play miniature golf.

Don't Forget your Mouthguard: Prevent Injuries in Youth

Statistics show that each year more than 3.5 million children, 14 years of age and younger suffer injuries while playing sports or participating in recreational activities, and many of these injuries involve the teeth, mouth and face.

Using any mouthguard for protection is step in the right direction. However, "off the shelf" mouthguards may be uncomfortable making it harder to breath easily and therefore being discarded or used less frequently. The dentist can custom build a mouthguard, fitted to your teeth and gums, providing maximum comfort and extra protection.
